This is a single pool (masters + open = same pool). Any player in a pro division may participate. This is a private purse (no money added, no money taken) that will follow the same 40% PDGA payout scale being used for the official purse. Of course, the number of players used to set the scale and players receiving this payout will be limited to those that paid into the Cash Cow. Once you pay into the Cash Cow, there are **NO REFUNDS**. I will refund an entry fee, but not the Cash Cow.

Phantom Dubs (Sunday) Two Rounds of 18 Bring Your Partner 72 players (36 teams) max

- **Round One –** You and your partner will play as a single player in separate groups. Using one of your two scores from each hole, your two scores will be combined into one. Each player must contribute nine holes.
- **Round Two –** You and your partner will play this round together.
  - On the tee pad, it is best shot. You each get to drive every hole.
  - After a drive has been chosen, the rest of the hole is alternate shot. That is, if you choose player A's drive, player B must take the shot from the drive. Player A will shoot from player B's lie.
- One open division & One amateur division (women's divisions in open & am may also form)
- Payout for top 40% of the open division and top 50% of the amateur division
